

Applications

Agriculture
Construction and Demolition
Forestry

Grading and Leveling
Landscaping
Snow Removal

Main features

Improves traction and flotation in soft, muddy and loose conditions.
Open bar design utilizes the tyre to provide maximum traction and flotation
The special design protects the tyre from wear and damage

There is a built-in system for length adjustments, for optimum track adjustment in function of tyre and track wear
Can be installed in less than 30 minutes or removed in 10 minutes.
IMPORTANT: Only pneumatic tyres and tyres with Superflex formula poly fill manufactured by Amco are permitted for use inside steel tracks. Original Bobcat® factory poly-filled tyres meet this requirement. All other tyres including Bobcat® Solid Tyres (Twin Flex, Smooth Flex, Smooth Solid, etc.) are not approved. Please note that the use of non-approved tyres will void the loader and track warranties
